admission free - collection

The chamber choir TonArt Zurich, under the direction of Anna-Victoria Baltrusch, presents a colorful program of Tudor and Baroque English music - from composers such as Thomas Tallis, Orlando Gibbons and Henry Purcell.

The concert is devoted to the question: „What is our life?“ Namely, how do we experience our life, with its dark and light facets?

The choir will take the listener on a trip through the various aspects of life: sad and despairing experiences, as well as cheerful and joyous times.

The TonArt choir is supported by the Freiburger Brass Quartet and the Zurich organist Martin Rabensteiner.
